I understand that completing this application is a preliminary step in the adoption process and others may have already completed an application for this pet before me. Completion of this form is not a guarantee of adoption nor does it reserve the pet. Applications are reviewed and the home that seems to fit the animal best will be chosen. This is done on a case by case basis. I understand I will be contacted if the pet is available at the time my application is reviewed. I give SAP Rescue Association or its representatives permission to make any calls necessary in order to verify the accuracy of the information supplied on this form.
